4. Do all OEP bullets feed through a magazine?

All OEP Hunting bullets are designed to feed through SAAMI standard magazines in most calibres.

*Many OEP Target bullets will feed through a SAAMI standard magazine, however, those marked ** may feed in some calibre magazines, but not others. Generally speaking though, it is safer to assume that Target projectiles marked ** at the end of the product code, were designed as single shot rounds, not intended for magazine use.*
